Clinical Evaluation on Cyntek Gloves in the Dental Advisor, Vol. 25 No 06.
Testing done by Switzerland-based Skin Test Institute
comparing Cranberry's coated vs traditional non-coated gloves.

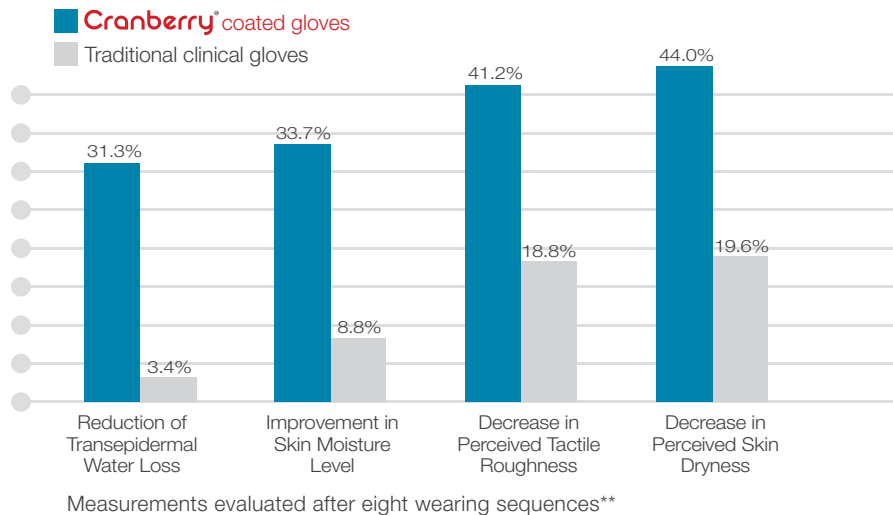

Why Cranberry coated gloves?

Cranberry's coated gloves prevent skin irritation during extended periods of wear. Our gloves have been tested by Switzerland-based Skin Test Institute and proven to significantly improve skin health.

Cranberry's coated gloves drastically reduce perceived skin roughness and dryness

LUXE™

nitrile powder free exam gloves

	Benefits
Moisturizing Lanolin & Vitamin E coating	Minimize dry skin irritation and provides excellent donning efficiency
Enhanced Fingertip Texture	Superior handling and increased control
Ultra 300 Saver Pack	Reduces storage space and packaging waste

Recommended for use by:

- i) A latex-free, powder-free solution is required.
- ii) Individuals seeking a soft and tear-resistant protective solution with excellent grip.
- iii) Individuals who would like to save space and reduce packaging waste.
