

ALL NEW IN 2018

## Midwest Tradition® Midwest Tradition® Pro

**Upgraded power & sound  
with twice the warranty  
of classic Tradition®**

- Fixed backend models deliver up to 25 watts of power — 50% more than previous Tradition® generations
- Ceramic bearing set reduces noise and makes possible a 1-year warranty — twice that of classic Tradition®
- New coupler options with 4-port water spray
- Pro versions have all new solid glass fiber optics

for Tradition brands in 2017.

Midwest  
Tradition® Pro  
Dentsply  
Sirona

**The first substantial performance upgrade** in 30 years, the new Tradition® and Tradition® Pro feature a new rotor and ceramic bearing set that provide significant power upgrades without requiring additional air pressure. This makes integrating into your current inventory of handpieces easier than ever. All new solid glass fiber optics are designed to resist yellowing and improve light transmission. An improved lever chuck version had been completely redesigned for ease of operation and long-term safety.

## Two powerful connection options

Choose from the 25-watt Fixed Backend or the 20-watt Coupler version to get the power and convenience that is right for you.

	Watts	Head Size Dia. x Ht. (mm)	Free Speed RPM	Connection
Midwest Tradition® Pro TBF, TLF	25	10.2 x 12.7	410,000	5-Hole Fixed Backend
Midwest Tradition® TB, TL	25	10.2 x 12.7	410,000	4-Hole Fixed Backend
Midwest Tradition® Pro TCF	20	10.2 x 12.7	410,000	6-Pin K-style Coupler
Midwest Tradition® TC	20	10.2 x 12.7	410,000	4-Hole S-style NFO Coupler

Values are approximate and will vary dependent on coupler type and air pressure.

## Midwest® Automate® Automated Maintenance System

In clinical studies, correct cleaning and lubrication have proven to be the most important factors for handpiece performance and longevity. To ensure you get the most out of your handpieces, the Midwest® Automate® system:

- Reduces handling and cleanup time by more than 80%
- Automatically removes debris, precisely lubricates all moving parts, and accurately expels excess
- Ensures consistent maintenance every time
- Ends the excess mess of manual handpiece maintenance
- Optimizes long-term performance with quality maintenance

## Order Information

### Midwest Tradition®, Tradition® Pro High-Speed Handpieces

1-year warranty

770344	Midwest Tradition® TC — Push Button, Coupler backend
780344	Midwest Tradition® TL — Lever, Fixed backend
790344	Midwest Tradition® TB — Push Button, Fixed backend
770445	Midwest Tradition® Pro TCF — FO, Push Button, Coupler backend
780345	Midwest Tradition® Pro TLF — FO, Lever, Fixed backend
790345	Midwest Tradition® Pro TBF — FO, Push Button, Fixed backend

### Couplers

790338	Sirona NFO Coupler — fits 770344
790336	KS6 6-Pin LED Coupler — fits 770445

### Q Tubing

Convert your fixed backend to a quick-connect with Midwest Q Tubing. Built-in swivel; 11', light gray.

650135Q	Quick-Connect PowerOptic™ Hose
610002Q	Quick-Connect Non-FiberOptic Hose

### Midwest® Automate® Automated Maintenance Unit

380200	Midwest® Automate® Unit
380090	Midwest® Style Maintenance Coupler
380450	K-style Maintenance Coupler
380510	Sirona Maintenance Coupler
380520	Absorption Pad (6 Pack)
380180	Midwest Plus™ Automate Spray Can
